1. As you exit the train make sure you then **head over to platform 1 and the main car park**. From here head down into the car park passing the **Iron Duke pub** and just **after Dukes Close on your right** take the path between a fence and hedge leading to a gate. Pass through the gate and head left out across a field with **farm buildings on your left**. Pass into the next field and head up to your right to **reach a gate in the top left corner**.
2. From this gate head up the field and bear slightly to your left to **find another gate**. Into the next field **keep to the right** to find access onto a road. Cross straight over this road onto a track, and a short way along take the **signed entrance on your left** into the woodland. **Follow the boardwalks and over footbridges** to head out of the woods and into a field. Keep to the left here walk to the bottom of the field to find a gate **into another copse of woodland**.
3. Head right through the woods and over a footbridge to **eventually leave the woods by a house**. Head straight up onto the track away from the house. **Follow this as it bends to the right** and eventually passes another house on your left. Just after this take the **signed footpath through a gate** on your right into a field. Follow the path with fencing either side of you across the field and then as it wraps around **the back of a barn and into a farmyard**. Take a sharp left here onto a track and **follow this away from the farm**.
4. This track leads to a road, but just **before the road** head right but not into the farmyard, but **through the livestock pen/corral**. Go through 2 gates and then right into a field. Head diagonally left across this field through 2 more gates and then right passing trees **onto a signed boardwalk**. Follow this through trees into another field.
5. Head up this field and then **join a hedge on your right** continuing straight ahead to eventually reach a road. Go left here and then take the next road on your right. Follow this and **go right at a crossroads** continuing until you start to pass a house and large farm. Just near the farm take the signed bridleway on your right **by the house named Gwynfa**.
6. Follow this bridleway down a track and through some gates **to arrive at a field**. Head straight across the field onto a track. Go right here and **follow this for some time** as you pass houses and eventually meet **the main road through Clunderwen**. Go left here to arrive **back at the train station**.
